Signature of person authorized to sign	
Date Signed:	Date Signed: September 27, 2010

**Question #1:** How are you going to use this product on the attenuators?

**Answer:** Our current TMA specs for Special Marking is:

The rear face of the attenuator device, when in the operating position (protective mode), shall be marked with red and white retroreflective sheeting. The marking shall form a checkerboard pattern consisting of 12" by 12" red squares and 13" by 13" white squares spaced symmetrically starting from the top center.

**Question #2:** Do you have any pictures or drawings?

**Answer:** Please see Attachment 1 for picture on the website:
